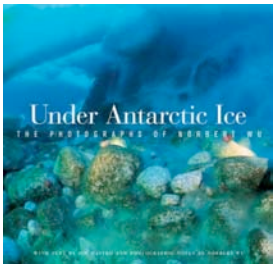
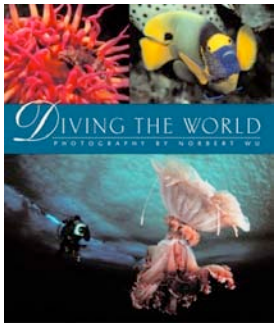
BOOKS FROM NORBERT WU



Under Antarctic Ice, Norbert Wu's newest book, is a remarkable collaboration between one of the world's very best underwater photographers and a superb science writer. The text and photo notes represent the most complete description for lay readers of the natural history of this fascinating habitat. "With his rare eye for stunning photographs and important biological stories, Norbert Wu offers the most spectacular collection of underwater images ever published for Antarctica." -- Paul K. Dayton, Scripps Institution of Oceanography. "Working underwater in conditions of mind-numbing cold and often dangerously separated from the surface by six-foot-thick sheets of ice, Wu somehow managed to create photographs that transcend technical perfection to become art.... " -- Howard Hall, natural history film producer and author of *Secrets of the Ocean Realm* and *Successful Underwater Photography*. Hardcover, 198 pages, 10-1/2 x 10", 140 color photographs. University of California Press.



Diving the World. Featuring more than four hundred stunning color photographs, *Diving the World* covers the globe from the popular California Coast to remote outposts of Antarctica and pristine tropical shores. Here are schooling hammerheads and spawning corals, curious sea creatures and dense kelp forests, captured in breathtaking full color photographs. Ken McAlpine's commentary outlines each locale's geography and choice dive sites, the best seasons to explore specific areas, and ideal times and places to see favorite species and extraordinary behaviors. Beautifully packaged and produced, this impressive large-format art book appeals to diving enthusiasts, naturalists, conservationists, boaters, and anyone captivated by the sea. "Undoubtedly one of the finest underwater photographers in the world...Wu showcases his abilities to dazzling effect here...The richness of photographs and text combined makes this reviewer want to pack her gear and head out right now." --Library Journal. 10-1/2 x 12-3/8", hardcover, 360 pages, 450 photographs.
